

Chromebook Protection Plan (CPP) Form

Gravette Schools will offer the Gravette Schools Chromebook Protection Plan (CPP) to our parents/guardians. Participation in CPP is optional. CPP covers any type of Chromebook hardware malfunction and also covers accidental damage for up to two incidents per school year. CPP does NOT cover malicious, non-accidental damage or loss. The Technology Department and each building administration team will determine if the damage is accidental or malicious. (Theft will be covered with an appropriate police report if the police and Gravette Schools are unable to recover the device.) Students who wish to opt out of the CPP will be required to pay for any repairs to their Chromebook that are not from normal wear and tear. This will be determined by the building administration team and the Technology Department. **Chromebook chargers are not covered under this plan.**

Annual Coverage \$20 per school year	
1st and 2nd Accidental Damage Incidents	3rd or more Accidental Damage Incidents
Screen Replacement: \$0	Screen Replacement: \$50
Replacing keyboard/touchpad: \$0	Replacing keyboard/touchpad: \$50
Total Chromebook replacement: \$0	Total Chromebook replacement: \$200
Other parts not listed: \$0	Other parts not listed: Cost of part
Charger: \$40	Charger: \$40

I choose to **OPT OUT** of the Chromebook Protection Plan (CPP) and understand that I will be responsible for paying for all damage done to the Chromebook.

I choose to sign up for the Chromebook Protection Plan (CPP) and accept the listed above terms for what the plan covers.
