

The Gravette School District will be offering the 21st Century After School Program to students in grades K-8 this year! This *free* program will offer tutoring services by certified teachers each day as well as enrichment activities, Spanish, robotics, and many other exciting events throughout the year. Glenn Duffy Elementary students will be walked over to Gravette Upper Elementary after school where they will receive a healthy snack prior to the tutoring/enrichment time. Gravette Middle School students will be housed at the middle school for after school programming. Students must be picked up by 6:00 p.m.

Early out Fridays will see the program open early for extended hours. Fridays will follow the same routine with more sports, Legos, outdoor activities, and celebrations during the learning time.

We are excited to offer this extension of the learning day to our Gravette students. The program will begin on the first day of school and will follow the Gravette School District school calendar. If you are interested in your child being a part of the after school program, please complete the application form and return it to your child's teacher or to the office during Meet the Teacher Night.

Students do not have to attend everyday in order to be a part of the after school program.
